Notes

Much of the German genealogy of this family has been found on the internet on IGI of the LDS church.

Susan Colvin has worked on it.

Debbie Eidson has also worked on it. I believe she has checked the records at LDS. So not sure where the original records came from.

Perhaps from the actual church records. May be errors, remembering that they were in German in the original, transcribed by human hands and eyes.

Debbie sent me the page that lists Johan Heinrich Klinker. We have transcribed this much. #30
Anno 1704, March 9, KLINKER _____, Johan Heinrich Susc. _____

Actual translation by a German friend of Debbie's

"1704.....Line 30 in German.....den Maerz 9

Klinkers Kind genannt Johann Henrich, susceptor Winich Sohn"

In words we more understand: "March 9, Klinker's child. He was named Johann Henrich.

The Godfather was Winich's son."

Also there is a page dated 1702: #55

May 21, KLINKER _____, Ernestina Dorthea Susceptrix Doctoria _____

Actual Translation:

"1702, line 55 in German.....den Mai 21

Klinkers Kind genannt Ernestina Dorothea, susceptrix Doctoria Kochs juengste Tochter Ernestina"

In English: May 21, 1702.....Klinker's child. She was named Ernestina Dorothea. The

Godmother was Ernestina who was the youngest daughter of the teacher Koch.

New translations sent by e-mail from Debbie, Sept. 27, 2002

The names were transcribed by Debbie who has seen enough Klinker names to recognize them, but the other names are harder to distinguish.

The Susceptrix was probably a Godmother, as Susceptor in the dictionary was Godfather. If so then it could just be a relative and not the parents of the child. Makes it more difficult to find who they belong to even after we get the names right. Debbie is working on it. It is possible then that this Ernestina might be a sister to Johan Henrick???

My comment: I would assume that the Before dates given were probably the dates on which the child was either baptised or recorded into the church records. Probably baptism but as yet do not have the church name.

There is also a "question mark" on Gerd's name as if she could not be sure this was correct.

Perhaps a better understanding of the German language and the way the named their families might be a big help here. Sometimes like the word "Johann" was given to every male child before his other name meaning it may mean "son" or something and not the common "John" that we think of. Several other families in this FTM also have the same, such as Johann George and Johan Joseph who were of the DeLong family, and also find lots of Johanns in the Doll family. The DeLongs were German and the Dolls may have been or Swiss.

Gerd may be Gerhard or Gerhart as noted later in the names. Note that several were given the name of Ernst also and most had 4 different names probably to distinguish them from the earlier generations or from their cousins who probably lived nearby. Again a study of German names might be helpful in this area.

My comment: I would assume that the Before dates given were probably the dates on which the child was either baptised or recorded into the church records. Probably baptism but as yet do not have the church name.

My original information on this family had a "Menna" listed which I had assumed was his wife. Also in the obituary of son, Henry, our emigrant to America, the names of his parents were listed as Henry and Menna Klinker, so apparently that was true. We can resolve the name of Henry, Henrich and Ernst because at least "Henrich" is listed as part of his name.....but the name of Menna needs to be pulled from Christine Elsabein or there is another generation we have mislaid somewhere in this genealogy. Or what Susan has come up with may not be substantiated.

So would assume the parents of Henry were "Henry and Menna" as stated in his obit. Surely the family knew the names of their grandparents in Germany.

.....
Other Klinker families that have come to the US that may have a connection are: #1

"William H. Klinker, born Dec. 10, 1838 in Germany and came to America with his parents, Harmon and Melissa Klinker in 1849. William married Mary J. Coyer of Lawrence Co., Ohio, dau. of John Coyer (or Coye). William's parents both died in 1882. He had a farm of 220 acres and raised stock."

Possible Harmon could be Herman. And of course William would be Wilhelm in the older language.

Notes

The obituary of son Henry Klinker has that his parents were Henry and Menna Klinker. Just need to find out where the information on Christine came from. It is hard to get "Menna" from Christine or Elsabein. Unless "Menna" is just a nickname and not even a part of her formal name.

The obituary also gives his only living brother as "August Klinker" of West Fallen (westphallen). Also hard to get August out of any of the brothers.

The home in Southern Indiana that was the home of Henry and Mary Klinker directions on how to get there: Go west of Palmyra on 150, or to 150, West and right on McDracken and about 1 1/2 mile.

The story goes that on the trip across the ocean from Germany a baby died and had to be buried at sea. They had to wait for 2 days because there was a whale following the ship. As a result, Mary would never cross again because of her fear. It was not their baby, though they did have a small daughter when they came across.

After Grandma Mary Klinker died, Henry sold his farm to Lena Libka, his daughter, and moved into Palmyra to stay with another daughter, Cora Avery. Mary died in 1916 and Henry lived until 1929.

Henry Frederick Klinker was the son of William and Menna Klinker. Henry was born March 27, 1836, at Westfalen, Germany. He married Mary Frances Lamping (daughter of Frederick and Lucy Lamping). They were married September 18, 1867. Mary was born in Westfalen, Germany, on June 19, 1846. They lived near the Rhine River and was united with the German Reform Church. Henry was a mail carrier when he met Mary. They came to the United States on a ship named Lord Baltimore about October 1869, some time after the assassination of Abraham Lincoln. It took about two weeks to make the trip. While they were on board, a small baby died and was buried in the sea. This was upsetting to Mary. They spent some time in Baltimore visiting a cousin before going on to Indiana to live near some more cousins. He bought 60 acres near the Miller family. Although Henry wanted later to go back to Germany to visit, Mary was afraid because the captain had asked them to pray that the ship would not sink on the way over. They occasionally did visit northern Indiana to visit Lewis and family, but otherwise did not travel very far from home.

Henry had four brothers, also of Westfalen and Mary had a brother Henry. Mary apparently also had a sister, Amelia Rothschild, who lived in Louisville, Kentucky.

Mary was diabetic and had a bad leg. She passed away on the farm close to Palmyra, Indiana on February 23, 1916 at age 69 after a long illness. Henry passed away September 27, 1929, at the home of his daughter, Cora Avery, in Palmyra. He was 93 years and 6 months. There were 12 children, nine of which grew to be adults. They attended and were members of the German M.E. Church at Central Barren, south of Palmyra. They became members in 1871. Henry got 3 German newspapers and read them up until the time of his death. They never learned to read English, though they spoke it some. Henry was a little man and Mary was a large woman. It seems that Henry was quite close with his money (He must have passed that on down!) They are both buried in the cemetery at the Central Barren Church. They were both quite hard to understand. Mary baked the best cookies and they both wore wooden shoes.

From Sadie Longardner's stories.....Our Grandfather and Grandmother Klinker.....Grandmother and Grandfather Klinker lived on a farm 1 mile west of us. Many times we walked through the fields to get there. At

one time they lived in an old house, but later built a new house. They kept the old house. It was in the same yard. They also had a summer kitchen. In the summer, cooking was done in the summer kitchen and the food was served in the old house. It was always cooler in there. The new house was used more in the winter. I still remember Grandma carrying things from one house to the other while wearing wooden shoes. The water was carried from a well near the barn. They also had 11 children. They raised 9. Our Grandmother Klinker had a brother named Henry Lamping.

OBITUARY.....PALMYRA LOSES OLDEST CITIZEN.....Age 93 years

Death removed one of the oldest citizens of the county, HENRY FREDERICK KLINKER, aged 93 years and 6 months, died at the home of his daughter, Mrs. W. F. Avery, Palmyra, Ind., Friday morning at two o'clock.

The deceased was born at West Fallen, Germany, near the River Rhine, March 27, 1836, and came to America about sixty years ago. Mr. Klinker was well-informed in the current events of Germany, and, until recent years read three German papers weekly. When he first came to the United States in 1869, he settled in the German community of Central Barrens, but since the death of his companion, thirteen years ago, he has lived at Palmyra.

Date written on the article was September 27, 1929.

Another Obituary.....Henry Frederick Klinker, son of Henry and Menna Klinker, was born at West Fallen, Germany, March 27, 1836. Died at the home of his daughter, W. F. Avery, Palmyra, Ind., September 27, 1929, aged 93 years, 6 months.

He was united in marriage to Miss Mary Lamping, September 1867. To this union twelve children were born, nine of which survive him. Viz: The Mrs. Anna Herthel, Sophia Haub, Lena Lebke, Katie Coleman, Cora Avery, Palmyra, Ind., and Stella Miller, New Albany. Three sons, Lewis of Monroeville, Ind., Will, of Lafayette, Ind., Ben, of Woodburn, Ind., forty grandchildren, one brother, August Klinker of West Fallen, Germany. His companion preceded him in death fourteen years ago.

While a young man he united with the German Reform Church in Germany. he emigrated to America in 1869, and lived for a number of years in the vicinity known as the Barrens, near friends whom he had known in the Father Land. He united with the German M. E. Church in 1871 and remained an ardent adherent to the faith until death.

The deceased read much and was familiar with the current affairs of Germany. Unassuming, scrupulously honest, a good, grand man has lain down his burdens, and is now under the watchful care of Him who doeth all things well.

Dearest father, you have left us, in this sorrow, grief and pain,
We are hoping soon to greet you in that fair Celestial reign.

Funeral services were conducted from Zoar Church, Central Barrens, of which he has been a member for fifty years. Sunday at two o'clock. Elder H. J. Propheter officiating in the funeral services. Interment in the church cemetery nearby.

Added notes: *For Henry Klinker*

There seems to be a difference in this obit and the names that Susan Colvin has given as his mother and brother, "August". Need to find out where her information came from.

Susan Colvin has a different date for their marriage of September 27, 1868.....however, this may be incorrect as Anna was born Dec of 1868 and the September 27 day is the same as the day Henry died in 1929. So some confusion here.

.....

In the original list of ancestors we had other names than what is put into this FTM. The latest, which has been input into this program is somewhat different than what we had originally. As I remember someone about the time of World War II had been in Germany (probably Darrell) and brought this genealogy home. I will include it as I cannot be sure which may be correct. Here is the old one:

HEINRICH ALTEVOLT and HEDWIG KLINKER

(took the name of Klinker because the farm was named Klinker)

ERNST OR ERNEST KLINKER and _____

HENRICH WILLIAM KLINKER and MENNA

HENRY FREDERICK KLINKER and MARY FRANCES LAMPING

Compare going the other direction:

1. Heinrich William Klinker and Menna compared to
 2. Ernst Henrich Wilhelm Klinker and Christine Elsabein Baeumer
(Male close in names but hard to find Menna in the female name)
-
1. Johanne Arnold Rudolph Klinker and Maria Katherine Elisabeth Oeljectus
 2. Ernst Klinker and no wife named
(A little hard here to find Ernst in this long name and there was no wife listed)

1. Gerd Henrick Klinker and Anna Elisabeth Wellemeyers
2. Heinrich Altevolt and Hedwig Klinker
(Well, the Henrich is the same but wonder about the story of taking Hedwig Klinker's farm name for their last name. It is hard since the German has so many names like the Johanne is used as a preface for many German names or can be just used as "John".
Heinrich and Henry are the same
Wilhelm and William are usually the same

It is possible that there was little substantiation for this old genealogy and perhaps Susan Colvin found good substantiated genealogy. More info needed.

August 14, 2002 I received further pages from Ilene Gillen with a few changes on the new genealogy and one area of question was why our Henry Frederick Klinker might have a legal name of ERNST HEINRICH WILHELM KLINKER. We knew him as "Henry Frederick Klinker". Henry coming from Heinrich. Still confusion on how German names were recorded and how the children were named. There may be a book out there on this which we need to read. My thought is that ERNST is of course, Ernest, and HEINRICH is Henry, and WILHELM is William. We have never seen "Henry" with any name of William at all. Perhaps need to check into the land records of his purchase in Southern Indiana, prob. Harrison County. We know that our Grandpa Lewis named one of his children Ernest and we see it going back in the Klinker family.

Much of the confusion may be in just the writing of the names as so many are the same. The new Family Group Sheets in this booklet reflect the newer genealogy and the work should be credited to Susan Colvin and Debbie Eidson, descendants.

OBITUARY.....Mary Klinker, wife of Henry Klinker, died at her home, February 23, in the 69th year of her age, after a lingering illness. She was born in Westphalia, Germany, in the year 1846. She was married in 1867 to Henry Klinker, who, after all these years, is left to mourn the present and to look forward to the reunion beyond the river. Their nine children are left the gracious heritage of an unspotted record in their mother's life. While weak in body for some time past, she wrought earnestly and faithfully until the flesh could no longer meet the demands upon it, and she ceased from her labors and was at rest. She was a remarkable woman with a strong mind and a generous heart, that enabled her to do much, for which she will always be held in grateful remembrance. The Church of Central Barren of which she was a member since 1871 has suffered a loss, but our loss is her gain. She is called to the higher and more blessed service.

She leaves to mourn her death, her husband, nine children, 40 grandchildren, besides many other relatives and friends. May God in His infinite mercy comfort the bereaved ones. L. A. Schreiber, Pastor.

My mom, Mary Klinker Brown, has a small dark brown tea pot that had belonged to Grandma Klinker. She had purchased it for 10 cents as it had a small chip on the lid.

Anna Klinker was born in Germany and came to the United States about 1869 when she was still just a baby. They came over on the "Baltimore" or "Lord Baltimore". Listed on the passenger list is just the father, Henry or Henrich, and the mother Mary, or Maria and the baby. More about the trip over on Henry's notes.

Anna had three children, but no grandchildren so her line stopped there.

My only memory of Lena Klinker Libka was a trip to southern Indiana that I made with my dad and we visited their home. Mom and Lois had gone with some of the rest of the family, and so dad planned to make the trip as a surprise. He got me up about 3 a.m. and put me in the car and we headed south. I remember going to Lena's house which seemed to be out in the country and in a somewhat wooded area at the time. I believe there was a fence around the yard. Now from what I have learned, it may have been the old Klinker homestead that Lena was living in at the time. Since Lois was very small, I guess that trip would have been about 1937 or 1938.

Notes

My Grandpa Klinker was a tall man and he kept his hair all his life. Did not go bald like many men do. At the end he had snow white hair. Mom (Mary) told me that Lewis had a problem with his stomach. He ate a lot of poached eggs and eggs on toast and softer foods. At times he would double over in the field but would keep on working. He must have been in a lot of pain. Grandma would try to give him the right foods that would not cause him more trouble. But when he died, it was not a stomach problem at all, but he got pneumonia and died of that. He was just about 70 years old and retired from farming and was living in Monroeville at the time. He died at home.

Mom also tells that Lewis and his sons would sometimes fight and push each other around. Not in fun and wrestling, but because they had disagreements. This was after the boys had gotten as big as he was. Guess that old German stubbornness was pretty strong. Sometimes it was actual fist fights, and sons will be rebellious at times!!

Apparently Lewis was a lay leader in the East Liberty United Brethren Church south of Monroeville and just down the road from where they lived. Sometimes he led the singing. Apparently he could play the violin but I never saw any of that, and he had a good singing voice. Later there was a man on the TV show PTL that played the violin and mom said he reminded her so much of her father.

Read at Lewis Klinker's funeral.....Lewis H., son of Henry and Mary Klinker was born in Washington County, Indiana, on May 31, 1873, and passed from this life at his home in Monroeville Indiana on December 23, 1942, at the age of 69 years, 6 months and 22 days.

On January 8, 1896, he was united in marriage to Hattie Miller. Eleven children were born to this union, all of whom are living. Mr. Klinker and his family moved to this part of the state about 30 years ago, and came to the Monroeville Community 23 years ago. He was ever a son of the soil; and even after his retirement from the farm, he kept a keen interest in farming even up to the time of his death.

He accepted Christ as his Saviour in 1904 and remained a fervent disciple until the end of his life here giving testimony of the reality of his relationship with God in Christ at every opportunity.

From the Marriage Records of Washington County, Indiana, page 1

"I, the undersigned, certify that on this 8th day of January 1896, I solemnized the marriage of Lewis Klinker and Hattie Miller according to law. Jacob Allinger, Preacher.

Lewis Klinker, farmer, born Washington Co., Indiana. Age 23 next birthday, parents Henry Klinker and Maria Lamping. Hattie Miller, born Washington County, Indiana. Age 22 next birthday, parents Rudolph Miller and Amanda Simpson."

.....

The farm of Lewis Klinker in Monroe Township, Allen County, Indiana, was in Section 31, the North West Quarter. Without the abstract cannot be sure just how much of that quarter he owned. About 1885 when the Atlas was dated the land belonged to Hugh Anderson.

.....

In 1969 after the death of Grandma Klinker (Hattie) the farm was sold for \$400 an acre. At that time it was still 160 acres of good level, high producing soil, all under cultivation except 6 acres woods and known as one of the better farms in this vicinity.

This farm has been in the Klinker family for 50 years, and has been farmed by Ralph Klinker for the past 34 years.

The House: 8 room semi-modern home with 4 rooms and nice bath down, 1 bedroom down and 4 bedrooms up. Basement.

My recollection of the house: Downstairs was the small kitchen with large cook range, inside sink and cistern pump, and pantry. The dining room was next to it and fairly large with the table with many boards in it so all could sit around the table. The stairway to the upstairs was in the area between the kitchen and dining area. Off the dining room was the one bedroom which seemed long and narrow to me. In the winter there was a heating stove set up in the dining room also. The living room or parlor was most of the time shut off from the rest of the house. In the winter it was not heated very often, but at Christmas it was open for all. There was a porch that opened from both the dining room and the kitchen and I can remember a swing on it. Upstairs I remember just a few of the rooms. Seems one or two of them were used as storage rooms after most of the kids were gone from home. It was a big house, but suppose with 11 children, it was still quite crowded, especially in the winter when they all congregated in the kitchen and dining rooms.

Lewis Klinker's Will

I, Lewis Klinker, of Monroeville, in the county of Allen and State of Indiana, being of sound mind, memory and understanding, do make my last will and testament in manner and form following:

ALSO: I give and set over to my wife, a LIFE ESTATE in the North West One Quarter (1/4) of Section Thirty-One (31) Monroe Township, Allen County, Indiana, with full powers of control and management, rights and privileges of all income and profits derived therefrom during her life time and upon her demise I do give, devise and bequeath the said real estate, share and share alike to my Heirs, sons and daughters thereafter named.

THIRD: I hereby direct and empower my Executrix to sell and dispose of all my other property, real, personal and mixed of what nature and kind so ever, wheresoever the same shall be at the time of death, at private auction as it may in her judgment seem most advantageous for the interests of my devisees hereinafter named.

FOURTH: Subject to the payment of all just debts and expenses as directed in the first clause, the cash proceeds of the sale of Property as indicated in Clause three, I direct, shall be divided and given to my heirs in the following manner:

To my wife, Hattie Klinker, the sum of Fifteen Hundred Dollars; the balance of the cash to be given share and share alike to my sons and daughters, herein and now named as follows:

To my sons: Harry Klinker, Raymond Klinker, Homer Klinker, Ralph Klinker, and Ernest Klinker.

To my daughters: Sadie Longardner, Pearl Ohler, Mary Brown, Irene Deneve, Maxine Deneve, and Helen Klinker.

FIFTH, and lastly, I make, constitute and appoint my wife, to be the Executrix of this my last will and testament, hereby revoking all former wills, by me made at any time.

William Klinker did not have any children of his own. He had one step-son and lived with him in his later years in California. William was blind before his death. His wife Mable died much younger, but do not have her date of death at the present time.

The announcement from the funeral home puts his birth date at February 7, 1876. Not sure which month is correct. Also that his services were at 1:00 p.m. on Monday, with the Rev. Willard R. Fair officiating. The organist was Mrs. Charles Swayzee.

It is possible that the farm that Lewis and Hattie moved to on Road 14 at the Ohio and Indiana State line (when they first moved up from southern Indiana) belonged to "Uncle Bill Klinker". Whether they rented it or bought it, am not sure but their next move from there was to the Monroeville area.

Aunt Cora Avery lived in Palmyra, Indiana, and when my dad, Guy, and I (Betty) went down to Southern Indiana for a trip that is where I stayed overnight. Mom and Lois had gone with some of her family and dad got this great idea that we would surprise them and go down so got up about 3 am and took off for Southern Indiana. They were surprised. But I remember staying at the Avery's home in Palmyra while we were there. Her home is still in the family and filled with antiques I hear.

They are both buried in Crown Hill Cemetery, Salem, Indiana. Minnie was triple related - Hattie's double cousin, married to Lewis Klinker's brother, making her an aunt to his children.

I remember Uncle Ben and Minnie. We would go to their house occasionally. They must have lived in the area close to Monroeville or Woodburn at the time. It was a small cottage type of house with a white fence all around the yard. Later they moved back to Southern Indiana, but Ben was here in a Fort Wayne nursing home when he died.

Notes

Aunt Cora Avery lived in Palmyra, Indiana, and when my dad, Guy, and I (Betty) went down to Southern Indiana for a trip that is where I stayed overnight. Mom and Lois had gone with some of her family and dad got this great idea that we would surprise them and go down so got up about 3 am and took off for Southern Indiana. They were surprised. But I remember staying at the Avery's home in Palmyra while we were there. Her home is still in the family and filled with antiques I hear.

From the Washington, Indiana, County Marriage Records, page 5

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt$$

It is well known that the function $f(x)$ is increasing and concave down on the interval $(-\infty, \infty)$. Moreover, the function $f(x)$ is bounded on the interval $(-\infty, \infty)$ and its range is the interval $(0, \frac{\pi}{2})$.

2. In the second part of the paper, we study the properties of the function $g(x)$ defined by the equation

$$g(x) = \int_0^x \frac{t}{1+t^2} dt$$

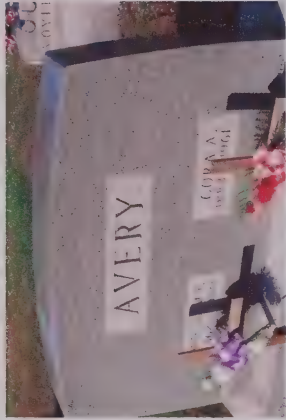

It is well known that the function $g(x)$ is increasing and concave up on the interval $(-\infty, \infty)$. Moreover, the function $g(x)$ is bounded on the interval $(-\infty, \infty)$ and its range is the interval $(-\frac{\pi}{4}, \frac{\pi}{4})$.

Notes

My Grandpa Klinker was a tall man and he kept his hair all his life. Did not go bald like many men do. At the end he had snow white hair. Mom (Mary) told me that Lewis had a problem with his stomach. He ate a lot of poached eggs and eggs on toast and softer foods. At times he would double over in the field but would keep on working. He must have been in a lot of pain. Grandma would try to give him the right foods that would not cause him more trouble. But when he died, it was not a stomach problem at all, but he got pneumonia and died of that. He was just about 70 years old and retired from farming and was living in Monroeville at the time. He died at home.

.....

Mom also tells that Lewis and his sons would sometimes fight and push each other around. Not in fun and wrestling, but because they had disagreements. This was after the boys had gotten as big as he was. Guess that old German stubbornness was pretty strong. Sometimes it was actual fist fights, and sons will be rebellious at times!!

.....

Apparently Lewis was a lay leader in the East Liberty United Brethren Church south of Monroeville and just down the road from where they lived. Sometimes he led the singing. Apparently he could play the violin but I never saw any of that, and he had a good singing voice. Later there was a man on the TV show PTL that played the violin and mom said he reminded her so much of her father.

.....

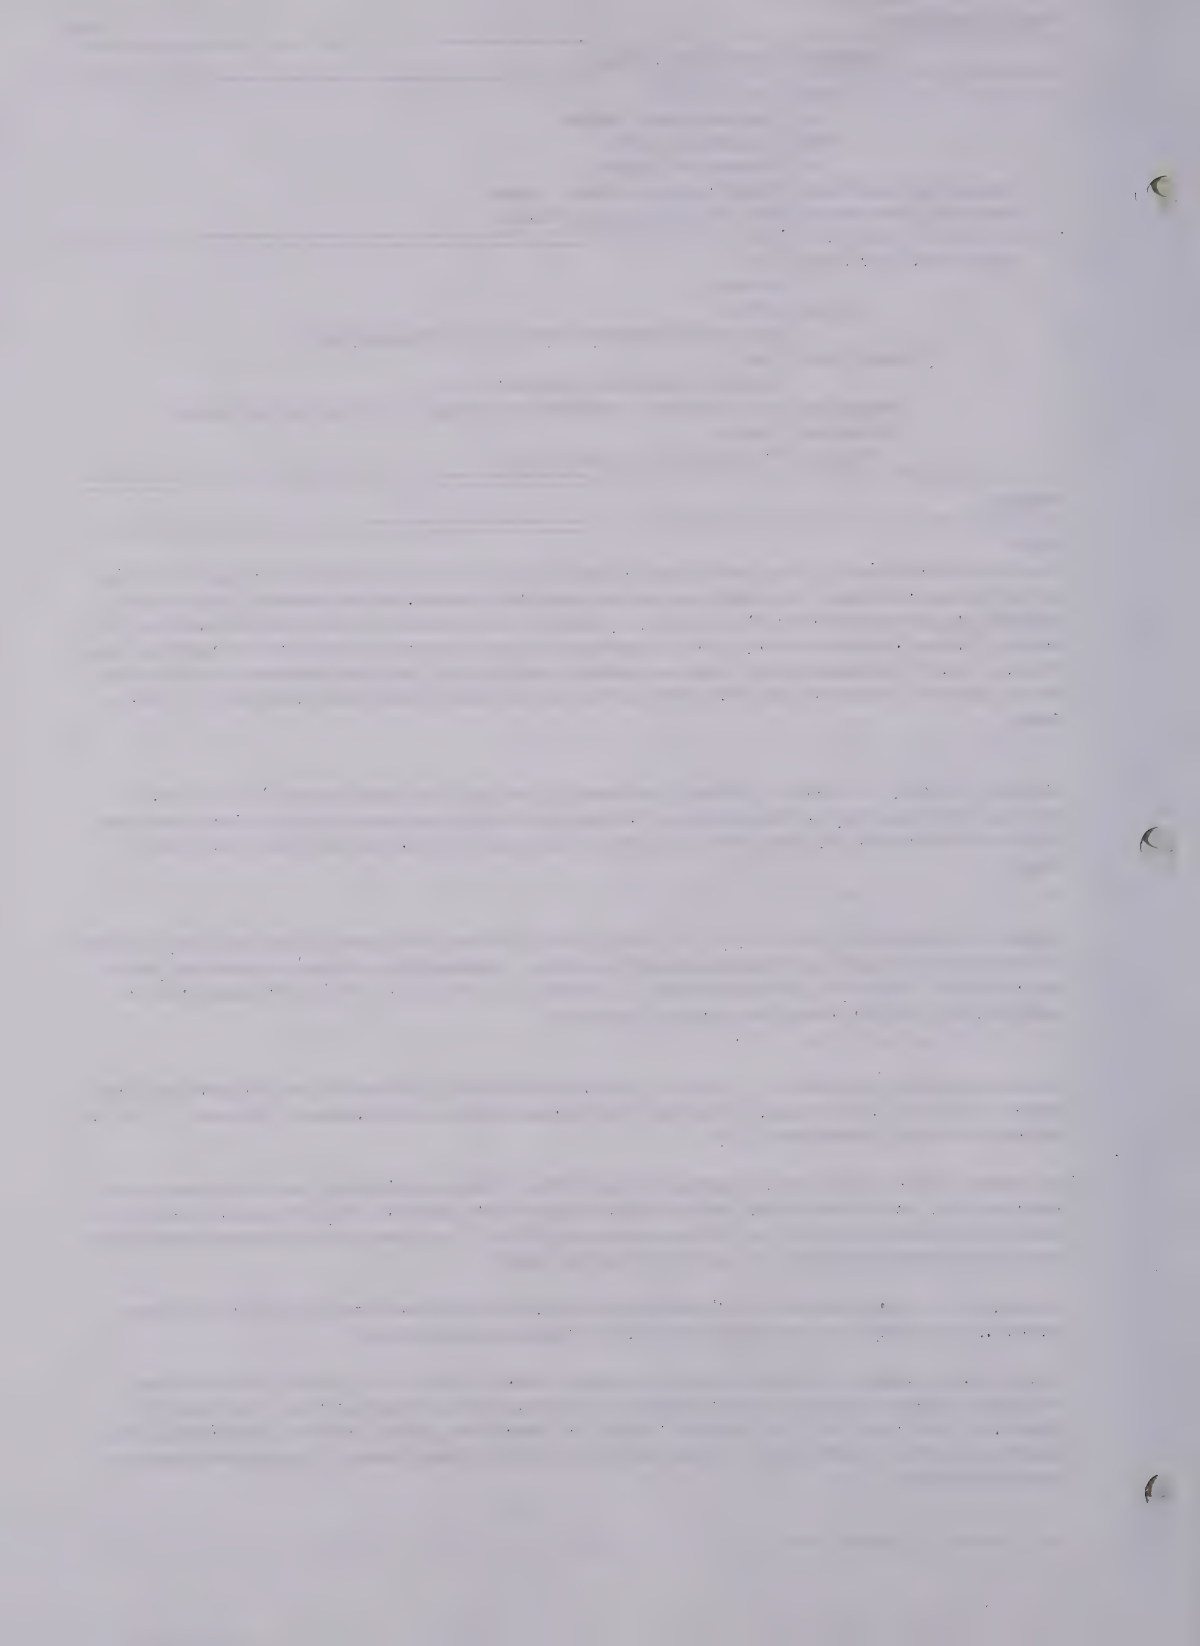

Read at Lewis Klinker's funeral.....Lewis H., son of Henry and Mary Klinker was born in Washington County, Indiana, on May 31, 1873, and passed from this life at his home in Monroeville Indiana on December 23, 1942, at the age of 69 years, 6 months and 22 days.

On January 8, 1896, he was united in marriage to Hattie Miller. Eleven children were born to this union, all of whom are living. Mr. Klinker and his family moved to this part of the state about 30 years ago, and came to the Monroeville Community 23 years ago. He was ever a son of the soil; and even after his retirement from the farm, he kept a keen interest in farming even up to the time of his death.

He accepted Christ as his Saviour in 1904 and remained a fervent disciple until the end of his life here giving testimony of the reality of his relationship with God in Christ at every opportunity.

Surviving are his widow, the children, HARRY of Edgerton, Indiana, SADIE LONGARDNER of Fort Wayne, RAYMOND of Maples, Indiana, HOMER, of Woodburn, Indiana, PEARL OHLER of Payne, Ohio, RALPH of Monroeville, MARY BROWN of Leo, Indiana, ERNEST of Convoy, Ohio, IRENE DENEVE, of Hicksville, Ohio, MAXINE DENEVE of South Whitley, Indiana, and HELEN, of Fort Wayne, Indiana, 30 grandchildren, and two great grandchildren.

From the Marriage Records of Washington County, Indiana, page 1

"I, the undersigned, certify that on this 8th day of January 1896, I solemnized the marriage of Lewis Klinker and Hattie Miller according to law. Jacob Allinger, Preacher.

Lewis Klinker, farmer, born Washington Co., Indiana. Age 23 next birthday, parents Henry Klinker and Maria Lamping. Hattie Miller, born Washington County, Indiana. Age 22 next birthday, parents Rudolph Miller and Amanda Simpson."

.....

The farm of Lewis Klinker in Monroe Township, Allen County, Indiana, was in Section 31, the North West Quarter. Without the abstract cannot be sure just how much of that quarter he owned. About 1885 when the Atlas was dated the land belonged to Hugh Anderson.

.....

In 1969 after the death of Grandma Klinker (Hattie) the farm was sold for \$400 an acre. At that time it was still 160 acres of good level, high producing soil, all under cultivation except 6 acres woods and known as one of the better farms in this vicinity.

This farm has been in the Klinker family for 50 years, and has been farmed by Ralph Klinker for the past 34 years.

The House: 8 room semi-modern home with 4 rooms and nice bath down, 1 bedroom down and 4 bedrooms up. Basement.

My recollection of the house: Downstairs was the small kitchen with large cook range, inside sink and cistern pump, and pantry. The dining room was next to it and fairly large with the table with many boards in it so all could sit around the table. The stairway to the upstairs was in the area between the kitchen and dining area. Off the dining room was the one bedroom which seemed long and narrow to me. In the winter there was a heating stove set up in the dining room also. The living room or parlor was most of the time shut off from the rest of the house. In the winter it was not heated very often, but at Christmas it was open for all. There was a porch that opened from both the dining room and the kitchen and I can remember a swing on it. Upstairs I remember just a few of the rooms. Seems one or two of them were used as storage rooms after most of the kids were gone from home. It was a big house, but suppose with 11 children, it was still quite crowded, especially in the winter when they all congregated in the kitchen and dining rooms.

.....

Grandma Hattie had 11 children and she also had one miscarriage. It may have been her last child but anyway there was a fire in the attic and she tried to help put it out and slipped off one of the ceiling joices and her leg went through the ceiling. And that was enough to cause her to miscarry the child. It was the only problem she ever had in having children.

Notes

Harry and Esther lived much of their lives in the little town of Edgerton which was right on the state line between Indiana and Ohio. It is on a jog in the road. We didn't go there too often, but I believe that Harry did auto mechanic work and had a garage in Edgerton.

Apparently they must have also lived for a time (when some of the children were born) at Maples. Maples is somewhere between Fort Wayne and Monroeville. I guess Grandpa Klinker had a farm there and I know that Raymond lived there with his family for a time too. We used to visit when Raymond lived there.

When Harry died August 9, 1951, his services for the funeral were held at the Wesleyan Methodist Church in Edgerton, Indiana at 2 p.m. with Rev. Jerome Dilts and Rev. Glenn M. Bennett officiating.

Guy and Mary and Grandma Klinker had just gotten home from a trip to the West coast. I am not sure if the dates of that are correct or not as it would appear that they got home on August 9th and mom's notes say that "It is now August 9, 1951. Helen called and said that Harry is awful bad and Darrell got home today." and goes on to say "P.S. Harry died this morning. He saw Darrell come in and smiled and went to sleep. Mom and Raymonds were also there when he went."

Grandma Klinker could not have been coming home on the trip (they got home about 3 p.m.) and have also been there with Harry in the morning. Need to find out just what day they really got home from their trip as I do know that Grandma Klinker did go with them.

A story about Pearl's name by Sadie, her sister: "I was 6 years old I think. I told Adda France our teacher about the new baby and she said if they named the baby Pearl Adda (that was her name) she would buy the baby a new dress. Well, Pearl got to be 1 year old and Miss Adda hadn't got the dress so I told her about it. Well, Miss Adda bought light blue silk for Pearl's dress. Aunt Emma Miller made the dress. The silk was something our mom didn't sew much. Isn't it something how kids say and tell things but Pearl never would have had that blue silk dress if I hadn't told her. Makes one think you shouldn't promise little people things, then forget to do them. I don't know what Miss Adda thought of me."

.....

In a letter that Sadie wrote in December of 1990 I got these facts about Sadie.

She was born 1898
 She was "getting old"
 She sent mom (Mary Brown) a birthday card and letter every December
 She was living in an apartment at Fremont, Indiana and liked it
 No having to worry about the weather
 They brought her mail to her and sent what she wanted to go
 Took her blood pressure once a month
 Had stored her car for over the winter
 Martha Longardner was having Christmas at their house this year
 Since it was at night, Sadie will probably not go
 Said there would be 12 grandchildren and they were noisy!
 Had electric heat
 A big community room where they had church services
 Lots of dinners and birthday parties to go to
 Building only 5 1/2 years old
 Marietta and Cuby had been there for Christmas that year. Stayed 2 days.
 Bob and Bea were there on Thursday and took her to the grocery before leaving.
 Freeman, Jr. and Margie had been there "today".

.....

Previously Sadie and Freeman had been living on a farm near Fremont and after Freeman died Sadie continued living there for a good many years. The children finally convinced her that she would be better off in an apartment as there was too much to take care of in the country and she could be stranded in the winter if she should need help.

.....

In a January 1, 1996 letter she says:

Sister, Maxine, was 12 days old when they got married 80 years ago
 Freeman has been dead 32 years
 She had already crocheted 5 afghans so far this winter, started another
 Marietta's son Mark, is very ill. Being fed by tubes, but hope that will get better
 Martha had surgery, trouble with bladder and other problems
 She didn't make it to Ralph's funeral because of the cold weather.
 She is tired and sleeps alot.

.....

In the summer of the year 2000 Sadie is still living but in a nursing home in Fort Wayne. She fell and broke a hip and had some trouble with its healing, and is not as good as she was before that happened.

A story about Ralph, and his sister Mary.....my mom....."One incident that was related to me one day was about mom's brother Ralph. They were arguing as siblings will do, and Ralph dared my mom to put her foot up on the chopping block and he would cut off her toes. (No doubt Ralph was out there chopping kindling for the wood stoves) Like a real "dummy" she did it and he swung the axe or hatchet, but she got her foot down in time. Doubt she ever tried that again. Apparently she didn't think he would do it."

Ralph was a big man and when Grandma and Grandpa Klinker moved into Monroeville to spend the rest of their lives there, Ralph took over the farm. We, Guy and Mary, and Lois and I, would spend many a Sunday at their house. Cousin Louise was my age, and Dad and Mom and Ralph all grew up together on that very farm. Often we went for dinner, but not always. At that time they had a house full of babies. Ralph's first wife, Mary Anderson, had died and Ralph married Lena. Louise was the only child of Ralph and Mary. Ralph was a hard worker, and had a really hearty laugh that he used often. After the advent of soda pop, it seemed they had stacks and stacks of it. Would drink that when they went to the fields instead of just water or lemonade. After he grew a little older and much more prosperous he would buy new cars and then every 2 years would trade them in for another new model so he always had the latest in the way of cars.

model so he always had the latest in the way of cars.

Finally after Grandma Klinker died in 1969 in the Monroeville house, he bought that and he and Lena moved from the farm to town for the rest of their lives. They had a son who lived in the house right across the street from Grandma's.

Notes

Mary Klinker was born in Southern Indiana in Washington County. Lived there with many relatives close by as that was where the Klinkers, Simpsons, Millers, and Voyles were from. They moved from there to a farm near Payne, Ohio. Then on to the farm at Monroeville about 1919. Mom lived there until she was married, or nearly. She did do some work in Fort Wayne and lived at different places at that time. She worked for a family by the name of Curdes. She also worked at the Dudlo factory for a while. At the Dudlo she examined radio coils. One of the things she did early was when someone in the family had babies, she was sent to take care of them for several weeks. My Aunt Pearl was one that she went to work for. This may have been "free" work. Mom was a very good worker and always kept a good clean house, did a lot of gardening. She also helped dad out on the farm, helped to build the house at Leo, helped in the hardware store, and in the cabinet business when she could. After she was left alone, she felt she needed some income, so went to work at the Coffee Shop at the St. Joe Hospital. She was there for several years. After feeling her time was done there, she did housework for folks. She did that until she was quite old and probably over 80. However, she had to slow down on that as it got very hard for her to do her usual immaculate job and it was tiring her out so much. But she is still doing her yard work and some gardening and taking care of her flowers and her home at the age of 90, but not to the degree she used to.

Her health problems include some inner ear dizziness, a little high blood pressure, a little arthritis, the loss of vision in one eye because of an eye stroke. She has enjoyed very good health for the most of her life. A few years ago they diagnosed her with a heart defect and thought she should have a pacemaker put in, so it was done.

There has been problems with it since that time. She was very tired for a couple of years and seemed much worse than she had before. At this time, it may not be even in operation as there was some problem with the wire right to begin with and so she has adjusted to whatever it is and doesn't feel that it is working at all, but seems better than she was the first couple years after it was done.

Mom has no hobbies except for her flowers and gardening. She never learned to enjoy any type of hobby like crocheting or knitting or anything. Did do some sewing, but was not one of the things she really liked to do. She is a good Christian lady and enjoys the Christian programs on TV and the radio. When they were still married, they were going to the Northside Missionary Church. They had gone to the larger First Missionary Church for a while after they first moved back to Fort Wayne. We had also gone to the Missionary Church at Grabill some and to Robinson Chapel Methodist Church when we first moved out to the Leo Farm.

Mom graduated from the 8th grade in 1922. It was a combined graduation of all Allen County Common Schools. Included in her class from the Monroeville area were: her brother, Ralph Klinker, and future husband, Guy Brown.

After starting high school, she didn't like it and not sure what grade she completed, but quit as she would rather work in the fields. Grandpa Klinker gave her that choice, either school or work in the fields, and that was what she chose. So she never graduated from high school.

Aunt Maxine, mom's sister, told me that when mom finished the 8th grade, with flying colors, she requested that she be put in the 8th grade again and take that over as she did not want to go to high school and was not yet 16, so could not quit altogether. So guess they started that way, and when the high school officials found out about it they came to the farm and said that Mary had to go to high school. At the time, Ivan, Dad were driving right by the lane going to high school in Monroeville so mom started going to school with them. They also had Ferol, but imagine she was dropped off at the grade school at East Liberty as she was 2 years younger than mom and dad. So she was forced to go high school until she was 16.

Maxine also said that on Saturday nights they would all go into town (Monroeville) and do their "courting" which was meeting with other girls and boys on the streets for their Saturday night out. All innocent, but occasionally there might be a kiss around the corner. When any boy approached mom she would say, "Get out of here, while you are still all together"!! So she wasn't much interested in boys.

In a letter from her mother on her birthday in 1946, Grandma wrote this about mom's birth:

"You was born on Sunday morning. Harry took the other children to Grandpa Klinkers and Grandma came to our place". So December 29, in the year of 1907 was on Sunday.

A note on the photo of Elizabeth Shafer who was a friend and school chum said that mom stayed in their home while she worked at the Dudlo Company and that she roomed with them. Not sure if Elizabeth also worked at Dudlo or not. Mom doesn't think they are of the same Shaffer family that is relation to dad. Apparently it is spelled differently with only one "f".

Time line written by mom in 1970 in a letter stating how they accumulated what property they had:

Married August 17, 1929

Purchased home 1220 Dodge Ave. for \$500 down

1930.....Betty born

Depression struck

Let Dodge house go for 2320 Pontiac St. house at \$100 down. Payments half of Dodge house payments.

[The page contains extremely faint, illegible text, likely bleed-through from the reverse side. The text is organized into several paragraphs, with some lines appearing as bold or indented. Due to the low contrast, no specific words or phrases can be transcribed.]

1936.....Lois born in September

1939.....Bought 119 acres in Cedar Creek Township on Cedar Creek not far from Leo
Dad farmed and continued to work at Wayne Pump

Charles Howard offered \$8,000 for 114 1/2 acres, front part of farm

About 1942.....Mom and Dad built new house at the back on 14 1/4 acres.

1946.....Bought a farm south of Garrett, 97 acres, for \$9,500 and sold new house for \$9,500

1950.....Bought 2621 St. Mary's Avenue property

About 1955/56.....Bought acre at 6358 St. Joe Center Road for \$1,400, Dad built a cabinet shop, they lived a trailer and rented out St. Mary's property. Lois lived in it for a while.

1959.....Howard Opliger offered to buy the cabinet shop.

They moved back to St. Mary's Avenue

Then answered an ad for a handyman and moved into a trailer belonging to Mr. Harrold and they worked for him for a while. Because of a disagreement, dad quit and they moved from the trailer of Harrolds.

Took an apartment on South Clinton Street from October to June of the following summer.

Moved back to 2621 St. Mary's after renter moved out.

1970.....Mom and dad divorced

1970.....Mom bought house on 1015 Lillian Avenue and moved in.

Some of mom's teachers: 1916 Ralph Irving, 1916, Cecilia R. Mourey, 1920, Ferol E. Friedline, 1921 Mae Noyer. Also a Mrs. Highland sent this message.....Miss Mary Klinker, I have no birthday card but will combine three holidays in one. A Merry Xmas, happy birthday, and a good long New Year, wishing all good for you. (Some unreadable words) Be a little Methodist you can be for Jesus and shine out like the stars in a dark night; leading others in the way. May the New Year be full of progress in day school and the school where we learn of Jesus. Mrs. Highland.....
Another she says "Don't forget to be a real good Methodist"....."Your teacher, Ferol E. Friedline, 1919-20."

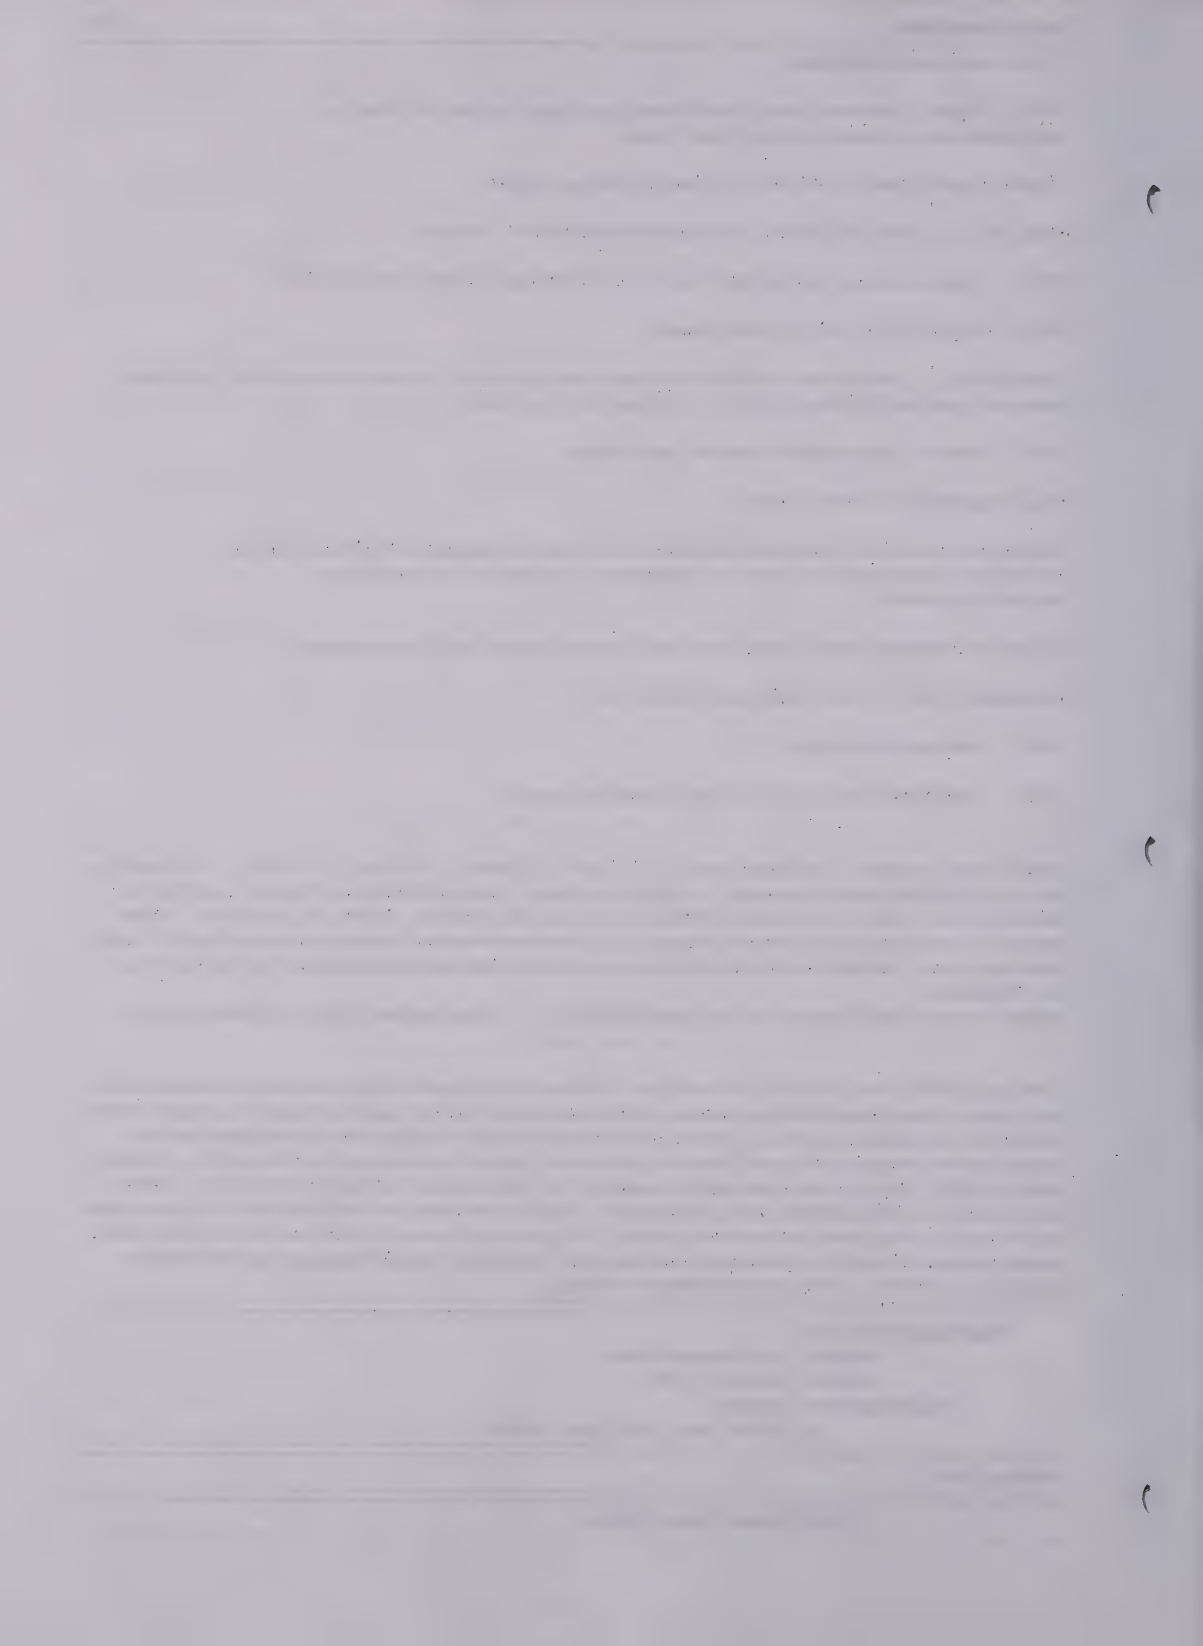

At the year 2000 she was still living in Fort Wayne. She had fallen a couple of times and we did not know if she had a stroke or what though it did not show up on the tests she took, but her hands were weak. In January she had another fall and when the neighbor lady went over to help her with her breakfast that day she found the door locked, and when trying to call we all found the phone was off the hook, so being worried she was in real trouble called the EMS. They took her to the hospital against her will and she was confused for several days. Finally they released her to the Lutheran Home for evaluation. She has been there ever since that time. It did not appear that she could go back home and take care of herself. The place was too much for her and she could never leave anything undone. So now is in residential at Lutheran and seems better but still things she cannot do with her hands like tying her shoe strings and buttoning her buttons.

Notes

Ernest had polio when he was young and they thought they were going to lose him. But he lived and had a bad limp. Apparently one leg was shorter than the other and his limp was noticeable. He was the only one of the children to get the disease. I think as mom told the story, that my grandmother had gone to care for a neighbor who was sick and later found out that it was polio and she had taken Ernest with her. So she always felt guilty and thought it was her fault for exposing him to the disease.

This is what Sadie had to say about Ernest and his illness....."Ernest had had polio or infantile paralysis earlier so he wasn't very well and he required lots of care yet. Ernest had been very ill, so bad, in fact, he wasn't expected to live. It left him with a bad arm and one leg that wasn't right.

Funeral announcement says that the services were held at 2 p.m. Sunday, September 14, 1997 at the Marquart and Jacobs Funeral Home, Monroeville, IN. Officiating clergy: Rev. Dennis Croy and then he was taken to Convoy, Ohio, for burial.

Occupation:	Beauty Shop Owner, and beautician.....Magic Mirror, Ft. Wayne, IN

Medical**Notes**

Helen and I.B. married later on in life and they have no children. Helen spent most of her life in owning and operating the Magic Mirror Beauty Shop. I first remember it when it was up above the Meyers Drug Store at the corner of Calhoun and Main Streets in uptown Fort Wayne, Indiana. Later she bought a home on Columbia Avenue a few blocks East of uptown, just across the bridge, and she ran her beauty shop from that home. A lovely big house and that worked out well as she could live there and work there too. Helen gave me my first permanent wave. And many thereafter tho I didn't always go to her. Helen also worked at the General Electric Company for a good many years.

Has been a member of the Eastern Star, the women's division of the Masons.

Helen was the aunt that was closest to me as she had spent some time living with us when I was little and helped to take care of me. Or was it just when Lois was born? I am not sure now. Will have to ask my mom about that again. So I always felt closer to her than any other aunt I had. She was also single for a long time so had more time to devote to us "nieces".

She was the one who helped to entertain us when Louise and I spent the week at Grandma's while mom and dad and Irene and Maxine went to the Chicago World's Fair in 1934. She would be the referee when we would run races across the yard. "One for the money, two for the show, three to get ready, and four to go" would be what she would call out to us and Louise and I would run for all we were worth. We spent a week there at that time.

Notes

Harry and Esther lived much of their lives in the little town of Edgerton which was right on the state line between Indiana and Ohio. It is on a jog in the road. We didn't go there too often, but I believe that Harry did auto mechanic work and had a garage in Edgerton.

Apparently they must have also lived for a time (when some of the children were born) at Maples. Maples is somewhere between Fort Wayne and Monroeville. I guess Grandpa Klinker had a farm there and I know that Raymond lived there with his family for a time too. We used to visit when Raymond lived there.

When Harry died August 9, 1951, his services for the funeral were held at the Wesleyan Methodist Church in Edgerton, Indiana at 2 p.m. with Rev. Jerome Dilts and Rev. Glenn M. Bennett officiating.

.....

Guy and Mary and Grandma Klinker had just gotten home from a trip to the West coast. I am not sure if the dates of that are correct or not as it would appear that they got home on August 9th and mom's notes say that "It is now August 9, 1951. Helen called and said that Harry is awful bad and Darrell got home today." and goes on to say "P.S. Harry died this morning. He saw Darrell come in and smiled and went to sleep. Mom and Raymonds were also there when he went."

Grandma Klinker could not have been coming home on the trip (they got home about 3 p.m.) and have also been there with Harry in the morning. Need to find out just what day they really got home from their trip as I do know that Grandma Klinker did go with them.

.....

From a post card that mom wrote to Grandma Klinker:

I wrote to Harry last week and he got in the notion and went in to Wayne to see a chiropractor, but he said he told him the same as Kemp told him in Michigan. Nothing to do, only die. He said the part of his brain that does the balancing has gone dead. So there doesn't seem like there is anything to do then. He said he feels pretty good but can't hardly walk, and he also said something has to get all of us some time so it don't make much difference what. I wrote to him the first of the week and got a letter from him last Saturday. So I guess that is that.

A story about Pearl's name by Sadie, her sister: "I was 6 years old I think. I told Adda France our teacher about the new baby and she said if they named the baby Pearl Adda (that was her name) she would buy the baby a new dress. Well, Pearl got to be 1 year old and Miss Adda hadn't got the dress so I told her about it. Well, Miss Adda bought light blue silk for Pearl's dress. Aunt Emma Miller made the dress. The dress was something our mom didn't sew much. Isn't it something how kids say and tell things but Pearl never would have had that blue silk dress if I hadn't told her. Makes one think you shouldn't promise little people things, then forget to do them. I don't know what Miss Adda thought of me."

.....

In a letter that Sadie wrote in December of 1990 I got these facts about Sadie.

She was born 1898
She was "getting old"
She sent mom (Mary Brown) a birthday card and letter every December
She was living in an apartment at Fremont, Indiana and liked it
No having to worry about the weather
They brought her mail to her and sent what she wanted to go
Took her blood pressure once a month
Had stored her car for over the winter
Martha Longardner was having Christmas at their house this year
Since it was at night, Sadie will probably not go
Said there would be 12 grandchildren and they were noisy!
Had electric heat
A big community room where they had church services
Lots of dinners and birthday parties to go to
Building only 5 1/2 years old
Marietta and Cuby had been there for Christmas that year. Stayed 2 days.
Bob and Bea were there on Thursday and took her to the grocery before leaving.
Freeman, Jr. and Margie had been there "today".

.....

Previously Sadie and Freeman had been living on a farm near Fremont and after Freeman died Sadie continued living there for a good many years. The children finally convinced her that she would be better off in an apartment as there was too much to take care of in the country and she could be stranded in the winter if she should need help.

.....

In a January 1, 1996 letter she says:

Sister, Maxine, was 12 days old when they got married 80 years ago
Freeman has been dead 32 years
She had already crocheted 5 afghans so far this winter, started another
Marietta's son Mark, is very ill. Being fed by tubes, but hope that will get better
Martha had surgery, trouble with bladder and other problems
She didn't make it to Ralph's funeral because of the cold weather.
She is tired and sleeps alot.

.....

In the summer of the year 2000 Sadie is still living but in a nursing home in Fort Wayne. She fell and broke a hip and had some trouble with its healing, and is not as good as she was before that happened.

This is now March 2002 and Sadie is still living.

A story about Ralph, and his sister Mary.....my mom....."One incident that was related to me one day was about mom's brother Ralph. They were arguing as siblings will do, and Ralph dared my mom to put her foot up on the chopping block and he would cut off her toes. (No doubt Ralph was out there chopping kindling for the wood stoves) Like a real "dummy" she did it and he swung the axe or hatchet, but she put her foot down in time. Doubt she ever tried that again. Apparently she didn't think he would do it."

.....

Ralph was a big man and when Grandma and Grandpa Klinker moved into Monroeville to spend the rest of their lives there, Ralph took over the farm. We, Guy and Mary, and Lois and I, would spend many a Sunday at their house. Cousin Louise was my age, and Dad and Mom and Ralph all grew up together on that very farm. Often we went for dinner, but not always. At that time they had a house full of babies. Ralph's first wife, Mary Anderson, had died and Ralph married Lena. Louise was the only child of Ralph and Mary. Ralph was a hard worker, and had a really hearty laugh that he used often. After the advent of soda pop, it seemed they had stacks and stacks of it. Would drink that when they went to the fields instead of just water or lemonade. After he grew a little older and much more prosperous he would buy new cars and then every 2 years would trade them in for another new model so he always had the latest in the way of cars.

Finally after Grandma Klinker died in 1969 in the Monroeville house, he bought that and he and Lena moved from the farm to town for the rest of their lives. They had a son who lived in the house right across the street from Grandma's.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

2. In the second part of the paper the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

4. In the fourth part of the paper the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

Notes

Mary Anderson's parents were William Anderson (who supposedly came from Canada) and Edna Gibson from the USA

Edna's father was Samuel Gibson and her mother Sarah Gault. (both are Monroeville names)

From the History of Monroe Township, Allen County, Indiana:

Hugh Anderson and Samuel Clem came in January and February of 1841.....(Hugh may be a relative of William).....Hugh Anderson and John Friedline were neighbors in the southwestern part of the township, and usually made this trip together (to sell or trade their "black salts" made from ashes for corn meal) uniting their teams to secure motive power enough to overcome the difficulties of travel. (The forests themselves were so dense at that time that transportation of timber was impossible, even if timber had possessed any market value when the market was glutted with it. The next best thing was to reduce the timber to ashes, extract the salts, by means of water, into lye, boil the lye down to "Black salts" and carry it to Fort Wayne, where they could exchange it. Notwithstanding the lightness of the load, the trails were nearly impassable and it took a double team of horses to make the trip, which frequently occupied a full week.)

"Uncle Hughie" Anderson, as he came to be called by his familiars, was a man of giant stature and strength, and his four or five sons were cast in the same mold as their father. These men, strong as engines, and capable in like degree were wont to offer their services when not engaged in their own work, at a moderate wage of 25 cents a day "and dinner". Yet even when their help was sorely needed, money was so scarce that the offer frequently went begging. Once in a while money for postage was lacking, and that was tragic. In 1844, Hugh Anderson and his sons put up a horse-power mill for the grinding of corn and other grain. Its capacity was not great, but its convenience to the settlers in Monroe was incalculable at the time, and it was cordially welcomed and patronized for a number of years, until Charles Muldoon built his mill on the St. Mary's.

I believe I also read somewhere that the Anderson boys took their place at the voting places and made sure that it was all done fair and square. If I find that will put it in here.

A Genforum query says: Searching for Hugh Anderson and Catherine Drake Anderson living in Allen County, Indiana, from 1841. They came from Carroll County. Had 12 children:

Andrew, Rachel, Jacob, Jenny, John, June, Abraham, Mary, William, Robert, David and Joseph

Some of the children went to Colorado, Tennessee, Illinois, Missouri, and Wisconsin. Unaccounted yet are Jenny, Jane, Robert, Joseph.....Posted by Linda Wall.

They may be no relation to Louise's mother, Mary Anderson, at all if they actually did come from Carroll County, O. (Louise says that her Anderson ancestors were supposed to have come from Canada)

OBITUARY.....MRS. RALPH KLINKER DIES AT MONROEVILLE.....handwritten that she died February 11, 1934

Relatives received word Monday of the death of Mrs. Ralph Klinker, at Monroeville, Ind., who died at the Adams County Memorial Hospital at Decatur, Ind., last Sunday, after an illness of pneumonia. Mrs. Klinker was 22 years old, and besides her husband, is survived by a daughter, Louise Marvine.

Funeral services were held Wednesday morning at 9:30 o'clock at the residence, and 10:00 o'clock at East Liberty U. B. Church, with burial in Monroeville I.O.O.F. Cemetery. Mrs. Klinker was the daughter-in-law of Mr. and Mrs. Lewis Klinker, who for many years resided on a farm north of Palmyra, moving to Monroeville some twenty years ago. Their many friends in this community extend sympathy to the bereaved family.

Another obit says that their residence was 5 miles southeast of Monroeville. Rev. R. D. Smith would be officiating.

After Mary's death my mom and dad and I went to live with Ralph and Louise for a while. Remember many things about that place. Plucking goose feathers, making mud pies, a storm in which a large tree fell through the window, the cistern that we had to take off a cover and dip the water out of to do the washing, being put to bed in the bedroom for an afternoon nap. Louise and I would have been 4 years old at the time. Also the night that the Benders came to visit and the girls tried to scare us with ghost stories with the lights out. We also played and seek in the house. There was no electricity so had oil lamps for light.

Notes

Mary Klinker was born in Southern Indiana in Washington County. Lived there with many relatives close by as that was where the Klinkers, Simpsons, Millers, and Voyles were from. They moved from there to a farm near Payne, Ohio. Then on to the farm at Monroeville about 1919. Mom lived there until she was married, or nearly. She did do some work in Fort Wayne and lived at different places at that time. She worked for a family by the name of Curdes. She also worked at the Dudlo factory for a while. At the Dudlo she examined radio coils. One of the things she did early was when someone in the family had babies, she was sent to take care of them for several weeks. My Aunt Pearl was one that she went to work for. This may have been "free" work. Mom was a very good worker and always kept a good clean house, did a lot of gardening. She also helped dad out on the farm, helped to build the house at Leo, helped in the hardware store, and in the cabinet business when she could. After she was left alone, she felt she needed some income, so went to work at the Coffee Shop at the St. Joe Hospital. She was there for several years. After feeling her time was done there, she did housework for folks. She did that until she was quite old and probably over 80. However, she had to slow down on that as it got very hard for her to do her usual immaculate job and it was tiring her out so much. But she is still doing her yard work and some gardening and taking care of her flowers and her home at the age of 90, but not to the degree she used to.

Her health problems include some inner ear dizziness, a little high blood pressure, a little arthritis, the loss of vision in one eye because of an eye stroke. She has enjoyed very good health for the most of her life. A few years ago they diagnosed her with a heart defect and thought she should have a pacemaker put in, so it was done. There has been problems with it since that time. She was very tired for a couple of years and seemed much worse than she had before. At this time, it may not be even in operation as there was some problem with the wire right to begin with and so she has adjusted to whatever it is and doesn't feel that it is working at all, but seems better than she was the first couple years after it was done.

Mom has no hobbies except for her flowers and gardening. She never learned to enjoy any type of hobby like crocheting or knitting or anything. Did do some sewing, but was not one of the things she really liked to do. She is a good Christian lady and enjoys the Christian programs on TV and the radio. When they were still married, they were going to the Northside Missionary Church. They had gone to the larger First Missionary Church for a while after they first moved back to Fort Wayne. We had also gone to the Missionary Church at Grabill some and to Robinson Chapel Methodist Church when we first moved out to the Leo Farm.

.....

Mom graduated from the 8th grade in 1922. It was a combined graduation of all Allen County Common Schools. Included in her class from the Monroeville area were: her brother, Ralph Klinker, and future husband, Guy Brown.

When starting high school, she didn't like it and not sure what grade she completed, but quit as she would rather work in the fields. Grandpa Klinker gave her that choice, either school or work in the fields, and that was what she chose. So she never graduated from high school.

.....

Aunt Maxine, mom's sister, told me that when mom finished the 8th grade, with flying colors, she requested that she be put in the 8th grade again and take that over as she did not want to go to high school and was not yet 16, so could not quit altogether. So guess they started that way, and when the high school officials found out about it they came to the farm and said that Mary had to go to high school. At the time, Ivan, Dad were driving right by the lane going to high school in Monroeville so mom started going to school with them. They also had Ferol, but imagine she was dropped off at the grade school at East Liberty as she was 2 years younger than mom and dad. So she was forced to go high school until she was 16.

.....

Maxine also said that on Saturday nights they would all go into town (Monroeville) and do their "courting" which was meeting with other girls and boys on the streets for their Saturday night out. All innocent, but occasionally there might be a kiss around the corner. When any boy approached mom she would say, "Get out of here, while you are still all together"!! So she wasn't much interested in boys.

.....

In a letter from her mother on her birthday in 1946, Grandma wrote this about mom's birth:

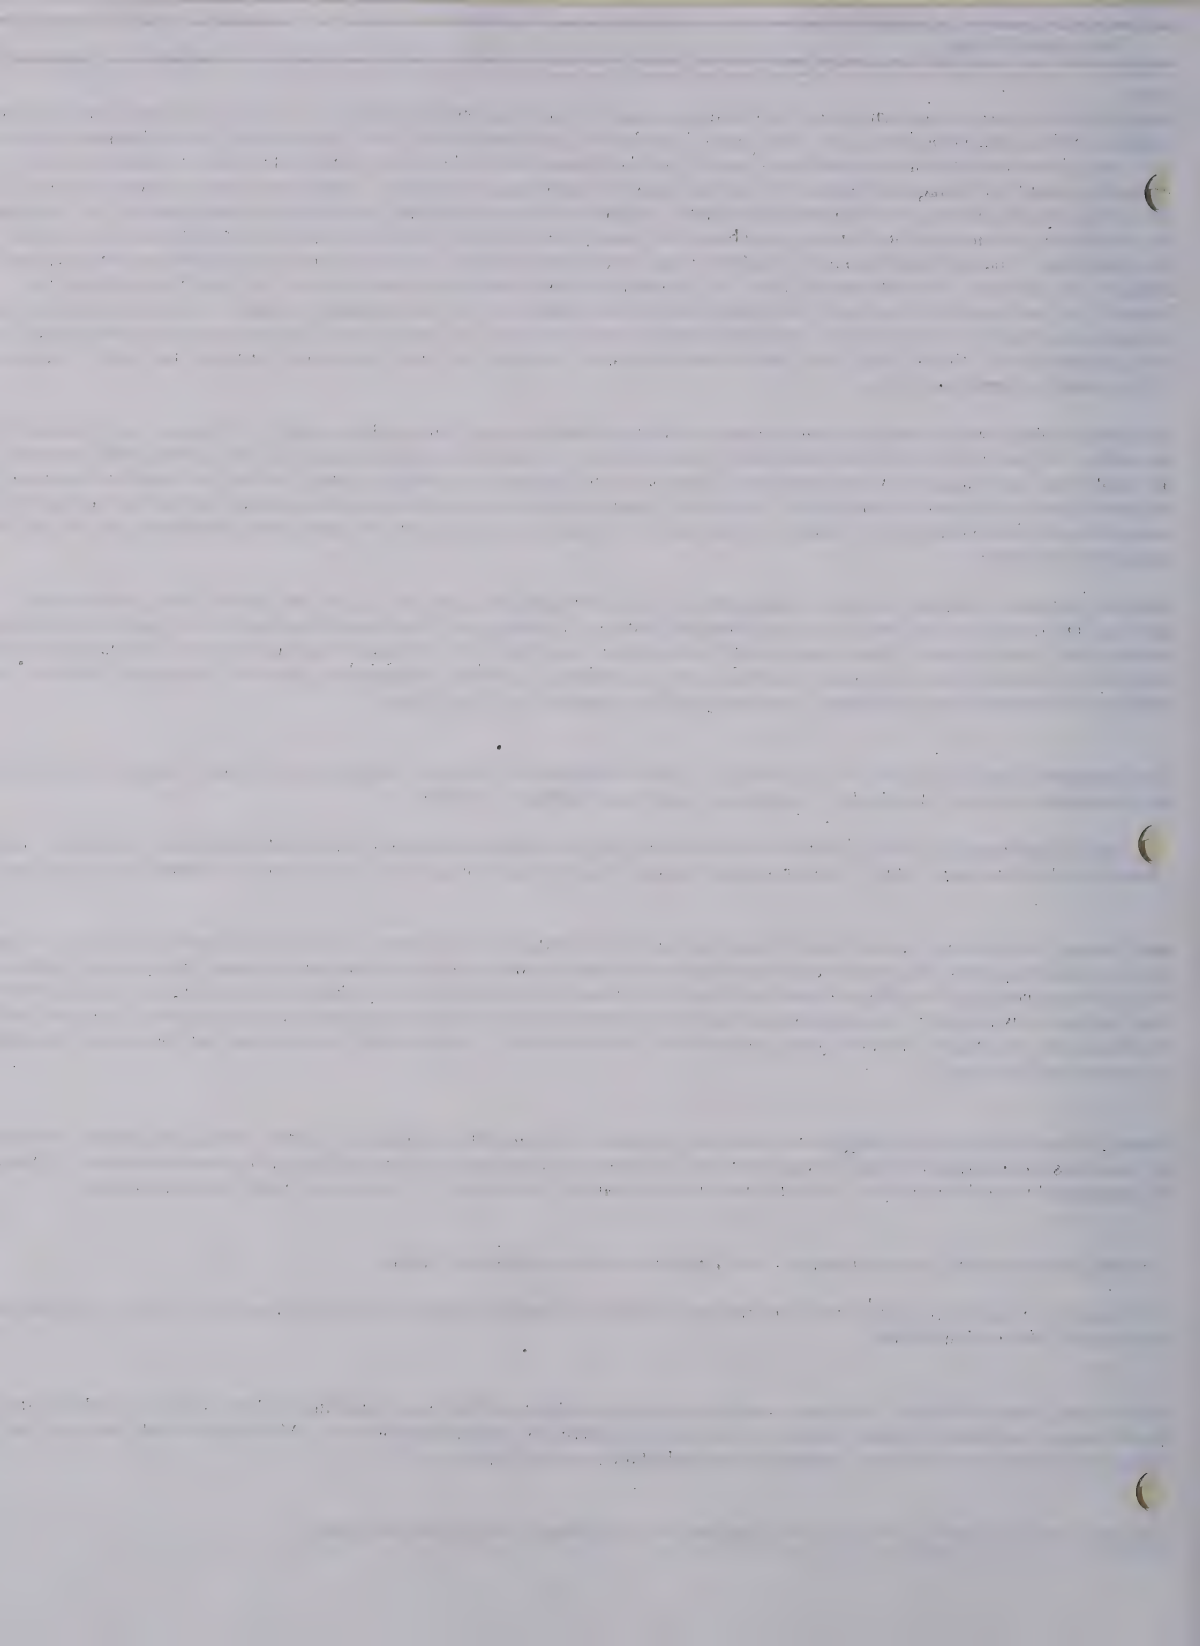

"You were born on Sunday morning. Harry took the other children to Grandpa Klinkers and Grandma came to our place". So December 29, in the year of 1907 was on Sunday.

.....

A note on the photo of Elizabeth Shafer who was a friend and school chum said that mom stayed in their home while she worked at the Dudlo Company and that she roomed with them. Not sure if Elizabeth also worked at Dudlo or not. Mom doesn't think they are of the same Shaffer family that is relation to dad. Apparently it is spelled differently with only one "f".

.....

Time line written by mom in 1970 in a letter stating how they accumulated what property they had:

.....

Some of mom's teachers: 1916 Ralph Irving, 1916, Cecilia R. Mourey, 1920, Ferol E. Friedline, 1921 Mae Noyer. Also a Mrs. Highland sent this message.....Miss Mary Klinker, I have no birthday card but will combine three holidays in one. A Merry Xmas, happy birthday, and a good long New Year, wishing all good for you. (Some unreadable words) Be a little Methodist you can be for Jesus and shine out like the stars in a dark night; leading others in the way. May the New Year be full of progress in day school and the school where we learn of Jesus. Mrs. Highland.....

Another she says "Don't forget to be a real good Methodist" "Your teacher, Ferol E. Friedline, 1919-20."
.....

At the year 2000 she was still living in Fort Wayne. She had fallen a couple of times and we did not know if she had a stroke or what though it did not show up on the tests she took, but her hands were weak. In January she had another fall and when the neighbor lady went over to help her with her breakfast that day she found the door locked, and when trying to call we all found the phone was off the hook, so being worried she was in real trouble called the EMS. They took her to the hospital against her will and she was confused for several days. Finally they released her to the Lutheran Home for evaluation. She has been there ever since that time. It did not appear that she could go back home and take care of herself. The place was too much for her and she could never leave anything undone. So now is in residential at Lutheran and seems better but still things she cannot do with her hands like tying her shoe strings and buttoning her buttons.

 of 2002 she is now in an apartment at Heritage Park. It is a nursing facility, but in the apartments you are on your own. She has living room, bedroom, kitchenette and bathroom. It is new and very nice. She can cook for herself, go to the commons to eat, or they will bring it

Notes

Ernest had polio when he was young and they thought they were going to lose him. But he lived and had a bad limp. Apparently one leg was shorter than the other and his limp was noticeable. He was the only one of the children to get the disease. I think as mom told the story, that my grandmother had gone to care for a neighbor who was sick and later found out that it was polio and she had taken Ernest with her. He always felt guilty and thought it was her fault for exposing him to the disease.

.....

This is what Sadie had to say about Ernest and his illness....."Ernest had had polio or infantile paralysis earlier so he wasn't very well and he required lots of care yet. Ernest had been very ill, so bad, in fact, he wasn't expected to live. It left him with a bad arm and one leg that wasn't right.

Notes

Helen and I.B. married later on in life and they have no children. Helen spent most of her life in owning and operating the Magic Mirror Beauty Shop. I first remember it when it was up above the Meyers Drug Store at the corner of Calhoun and Main Streets in uptown Fort Wayne, Indiana. Later she bought a home on Columbia Avenue a few blocks East of uptown, just across the bridge, and she ran her beauty shop from that home. A lovely big house and that worked out well as she could live there and work there too. Helen gave me my first permanent wave. And many thereafter tho I didn't always go to her. Helen also worked at the General Electric Company for a good many years.

Has been a member of the Eastern Star, the women's division of the Masons.

Helen was the aunt that was closest to me as she had spent some time living with us when I was little and helped to take care of me. Or was it just when Lois was born? I am not sure now. Will have to ask my mom about that again. So I always felt closer to her than any other aunt I had. She was also single for a long time so had more time to devote to us "nieces".

She was the one who helped to entertain us when Louise and I spent the week at Grandma's while mom and dad and Irene and Maxine went to the Chicago World's Fair in 1934. She would be the referee when we would run races across the yard. "One for the money, two for the show, three to get ready, and four to go" would be what she would call out to us and Louise and I would run for all we were worth. We spent a week there at that time.
